

1APP Associate Quickstart — One-Pager

What Associates Sell

1APP helps small businesses stop losing leads, automate follow-up, book more jobs, collect reviews, and save admin time using one simple business app.

Who To Target

Best targets:

- Trades
- Home services
- Field-service companies
- Local appointment businesses
- Owner-operated companies doing roughly \$250K–\$3M/year

Listen for:

- “We miss calls.”
- “I forget to follow up.”
- “Booking is messy.”
- “Customers don’t answer.”
- “I’m doing too much admin.”
- “My crew/job communication is a mess.”

First Message / Opener

Quick question — if someone calls your business and you miss it while you’re busy, does anything automatically follow up with them, or does it depend on someone calling back manually?

If they say manual / no / not really:

That’s exactly what 1APP helps fix. We set up simple automations so missed calls, follow-up, booking, reminders, and reviews don’t fall through the cracks. Want me to book you a quick 15-minute audit so we can show you 3 places your business is leaking time or leads?

Promise:
