

1APP Associate Sales Program

A clean, controlled structure for people who want to sell 1APP and earn recurring commissions — without turning the business into chaos.

1. Program Positioning

1APP Associates are independent sales/referral partners who introduce local businesses to 1APP and help book qualified audits and demos. Associates are **not employees, not owners, and not authorized to make promises outside approved 1APP offers.**

Associates bring in qualified clients. 1APP owns the brand, pricing, client accounts, fulfilment standards, and final approval of every deal.

Plain-English pitch for associates:

"1APP helps small businesses stop losing leads, automate follow-up, book more jobs, and save time using one simple business app. Your job is to start conversations with business owners, book qualified audits, and help them see where they're leaking time or money."

2. Best-Fit Associate Profile

Ideal Associates:

- Connected locally — knows business owners
- Comfortable on the phone, DM, text, in-person
- Coachable and follows the system
- Not afraid of consistent follow-up
- Understands small business pain
- Represents the brand professionally
- Uses the approved pitch — not making random claims

Avoid:

- Only want passive referral money
- Exaggerate income claims to recruits
- Discount pricing without permission
- Can't follow a simple CRM process
- Could damage the 1APP brand for a quick commission

3. Referral Commission Structure (Level 1)

Plan	Setup Fee	Monthly	Referral Bonus (Level 1)
Standard	\$500	\$299/mo	\$50 flat
Growth	\$1,000	\$499/mo	\$100 flat
Revenue Engine	\$1,500+	\$799+/mo	\$150 flat

Referral bonus paid when the referred client signs and pays their first invoice and the refund window clears. No recurring commission at Level 1.

5. Commission Rate Summary

Level	Setup %	Monthly %	Accelerated Setup (50+ clients)	Accelerated Monthly (50+ clients)	Recurring Cap
Level 1 — Referral	N/A	N/A	N/A	N/A	Flat bonus per deal
Level 2 — Sales Associate	15%	20%	25%	25%	12 months per client
Level 3 — Certified Partner	20%	20%	30%	30%	None — lifetime

Why Level 3 Is Worth It — 15 Client Portfolio, Growth Plan, 3 Years

Level 2 — 15 clients:

- Setup: $15 \times \$150 = \$2,250$
- MRR: $\$99.80 \times 12\text{mo} \times 15 = \$17,964$
- Year 2 recurring: \$0 (capped)
- Year 3 recurring: \$0 (capped)
- 3-year total: \$20,214

Level 3 — 15 clients:

- Setup: $15 \times \$200 = \$3,000$
- MRR: $\$99.80/\text{mo} \times 15 = \$1,497/\text{month}$
- Year 2 recurring: \$17,964
- Year 3 recurring: \$17,964
- 3-year total: \$56,892

Difference over 3 years: \$36,678 — from the same 15 clients. Level 2 stops earning after month 12. Level 3 keeps going.

6. Plan Pricing Reference

Plan	Setup Fee	Monthly	L2 Setup	L2 Monthly (12mo cap)	L3 Setup	L3 Monthly (lifetime)
Standard	\$500	\$299/mo	\$75	\$59.80/mo	\$100	\$59.80/mo
Growth	\$1,000	\$499/mo	\$150	\$99.80/mo	\$200	\$99.80/mo
Revenue Engine	\$1,500+	\$799+/mo	\$225+	\$159.80+/mo	\$300+	\$159.80+/mo

7. Team Building — Override Commission

Associates can build their own teams by recruiting other associates. When a team member you recruited closes a deal, you earn **5% of the total sale value** — setup fee and monthly recurring — on top of your own commissions.

This is a single-level override. You earn on your direct recruits only — not on recruits that your recruits bring in.

Override Rate

What	Override Rate
Setup fee (any plan)	5% of setup fee
Monthly recurring (any plan)	5% of MRR

Paid on collected revenue only. Reversed on refunds or chargebacks.

Override by Plan

Plan Closed by Your Recruit	Setup Override	Monthly Override
Standard (\$500 / \$299/mo)	\$25	\$14.95/mo
Growth (\$1,000 / \$499/mo)	\$50	\$24.95/mo
Revenue Engine (\$1,500 / \$799/mo)	\$75	\$39.95/mo

Team Override Rules

What counts:

- Direct recruits only — one level deep
- Override on setup fee and MRR for all their closed accounts
- Tracked by CRM source attribution
- Paid monthly alongside your own commissions

What does not count:

- Your own personal sales (override is team-only)
- Recruits who are not in good standing
- Accounts on refund or chargeback
- Recruits that your recruits bring in (not multi-level)

Income Claim Rule — Non-Negotiable

Never promise recruits specific earnings. The only honest statement is:

"Commissions depend entirely on how many qualified clients you close and retain. Results vary based on effort, market, and consistency."

Making exaggerated income claims to recruit associates is grounds for immediate removal and forfeiture of all unpaid commissions.

8. Recommended Starting Structure

Start with a controlled beta: 2–5 associates maximum, 30-day trial, Referral or Sales Associate only. Keep the people who produce clean opportunities. Remove the rest.

For the first wave:

- 2–5 associates max
- 30-day trial period
- Level 1 or Level 2 only to start
- No Certified Partner status yet
- No overrides or downline recruiting yet
- No custom pricing authority
- Tony/Justin review every deal before it closes

After 30 days, promote who:

- Submitted clean leads consistently
- Followed the scripts and process
- Maintained CRM hygiene
- Represented the brand properly
- Showed consistent activity and follow-up

The goal is not to have a lot of people selling 1APP. The goal is a clean channel that brings in clients without brand damage, bad promises, or fulfillment headaches.

9. Qualified Lead Rules

Minimum Qualified Lead:

- Business owner or real decision-maker
- Located in a serviceable market
- Has a real, operating business
- Has phone/email/contact info
- Has at least one core pain point (missed calls, poor follow-up, weak reviews, manual booking, lead leakage)
- Agrees to a 1APP audit/demo

Not Qualified:

- Random names with no real conversation
- Businesses that can't afford the service
- Outside 1APP's target market
- Duplicates already in 1APP CRM
- Leads submitted after another source created the opportunity

Lead protection window: 90 days from CRM submission. First properly logged CRM record wins on disputes.

10. Lead Ownership

- All clients belong to 1APP — not the associate
- Associates cannot take clients to competitors during or after the program
- Commission attribution follows the first properly logged CRM submission
- Non-circumvention applies for 24 months after leaving the program
- Violation = immediate removal and forfeiture of all commissions

11. Sales Process

Step	What To Do
1. Identify	Find trades, home services, local appointment businesses, field-service companies doing \$250K–\$3M/year where missed calls or admin pain costs real money.
2. Start Conversation	"Quick question — if someone calls your business and you miss it while you're busy on a job, does anything automatically follow up, or does it depend on someone calling back manually?"
3. Book Audit	"We do a quick 15-minute audit and show you 3 places your business is losing time or leads. No pressure — if it's useful, we'll show you what 1APP would fix first."
4. Discovery	Capture: business name, contact, phone/email, industry, pain, current tools, leads/calls/week, admin problem, desired outcome.
5. Demo / Close	Tony/Justin or approved Sales Associate presents the right package. Bring 1APP in on the close when needed.
6. Handoff	After payment: onboarding form completed, account setup assigned, associate notes added to CRM, client gets launch timeline.

12. Brand & Conduct Rules

Associates must:

- Use approved 1APP scripts and materials
- Be honest about capabilities and timelines
- Keep client/business info confidential
- Track every lead and activity in CRM
- Identify themselves as an independent associate — not an employee or owner

Associates cannot:

- Guarantee revenue, leads, rankings, or results
- Discount pricing without approval
- Collect client payment personally
- Claim to be an owner or partner of 1APP
- Use unapproved 1APP branding or materials
- Use fake urgency or fake scarcity

Violation = immediate removal from the program and forfeiture of unpaid commissions tied to misconduct.

13. Payment Terms

All commissions are paid on **collected revenue only**.

When commissions are paid:

- Setup fee commission — after client payment clears and onboarding starts
- Monthly commission — monthly after client payment clears

No commission is paid on:

- Refunded amounts or chargebacks
- Payment processing fees
- Discounts or free months
- Clients already in active 1APP pipeline before your submission

Associates are independent contractors and responsible for their own taxes. Invoicing 1APP may be required depending on final accounting setup.

14. Required Training Before Selling

Every associate must complete the following before selling:

1. 1APP product overview
2. Target customer training
3. Offer and package training
4. Approved scripts and openers
5. Qualification checklist

1. CRM lead submission process
2. Compliance and brand rules
3. Objection handling
4. Demo handoff process
5. Compensation rules and payment terms

Certification test: Associate must role-play one outbound conversation and one audit booking before being allowed to sell independently.

15. KPIs by Associate Level

Level	Monthly Activity Targets
Level 1 — Referral Associate	10+ warm introductions · 3+ booked audits · Clean contact details submitted
Level 2 — Sales Associate	100+ prospecting touches · 20+ conversations · 8+ booked audits · 4+ completed audits · 1–2+ closes
Level 3 — Certified Partner	2–5+ closes/month · 90%+ CRM completeness · Strong client retention · No brand/compliance issues

16. Associate Agreement Terms to Include

Not legal advice. The final agreement should be reviewed by a lawyer before scaling beyond close trusted associates.

- Independent contractor status
- No employment relationship
- No authority to bind 1APP to contracts
- Approved use of brand/materials only
- Confidentiality obligations
- Non-circumvention (24 months post-exit)
- Commission schedule and payment timing
- Refund/chargeback clawback clause

- Lead ownership rules
- Termination rights (either party)
- No guaranteed income or leads
- Client ownership belongs to 1APP
- Dispute resolution process
- Governing law: Ontario, Canada
- No income claims to recruits
- Compliance and conduct obligations

17. Recommendation

Start Controlled. Scale What Works.

Pick 2–5 people you already trust. Run a 30-day beta. Keep the ones who follow the system and produce clean opportunities. Promote them to Level 2. Watch who consistently closes and retains — those are your Level 3s.

The goal is not to build a big team of associates. The goal is a clean, lean sales channel that brings in clients without brand damage, broken promises, or fulfilment headaches.

Every great associate you bring in multiplies your reach without multiplying your problems. Every bad one creates the exact problems this program is designed to prevent.
